

Now MPP Pays Referral Fees Too

You get your regular compensation for all applications that you send to us with the client's banking information. Don't forget that your clients can now choose to have their premium collected from their Canadian bank account *or* any VISA or MasterCard account.

In addition, we pay an upfront Referral Fee for:

- Any application where we obtain the banking information directly from your client; and
- Any application that comes to us in response to a "SafetyCatch" mailing.
